5. (Secret - GLC) Talked with Ed Braswell, on the staff of the Senate Armed Services Committee, about the SI and TK security clearances held by Donald Lynch who has come to the Committee staff from the Bureau of the Budget. Braswell indicated that Lynch was occupying a slot on the Preparedness Subcommittee staff but would be working directly for him (Braswell) on revisions of the law relating to military procurement. He said it was possible that Senator Stennis would want Lynch to sit in on an occasional hearing in the SI-TK category and asked if we could continue Lynch's clearances if we had no objection. I told Braswell I saw no reason why this could not be done.

6. (Secret - GLC) Talked with Bill Woodruff, on the staff of the Senate Appropriations Committee, who asked if we would get for him the order-of-battle figures which were included in Bill Nelson's briefing on Laos last week. I told him I would be glad to do this.

Woodruff also asked if I would mention to John Clarke Woodruff's interest in getting our total intelligence effort dollar figure when it was available. I have passed this on to Hank Knoche of OPPB.

7. (Secret - GLC) Jim Gehrig, Chief Counsel, Senate Space Committee, called and said he would like to meet with Dave Brandwein at his convenience early next week for a briefing which would bring him up-to-date on Soviet space activity. He said he would also like to have Bill Parker and Craig Voorhees, of his staff, attend if this was agreeable. Gehrig said that he could come to Headquarters for the briefing. I will check with Mr. Brandwein on this.

8. (Confidential - GLC) Scott Cohen, on the staff of Senator Charles Percy (R., Ill.), called and requested a briefing on the Soviet and Chinese missile threat for Senators Cooper and Percy and Bill Miller, of Cooper's staff, and himself for their background use in connection with the upcoming ABM debate. I told Cohen I could foresee problems on this because it has been the Director's practice to limit briefings in these special briefing categories to members and committee staff personnel designated by the Chairman of their committee after mutual agreement with the Director. I told Cohen I would raise the question however and be back in touch.

25X1 10. (Secret - JGO) Met with Representative Spark Matsunaga (D., Hawaii) and advised him that response had been received from the field concerning [redacted] Representative Matsunaga greatly appreciated Agency consideration given this matter. (See Journal item of 16 February.)

11. (Secret - JGO) Talked to Mr. William Royer, Special Security Center, concerning the debriefing of Mr. Daniel Lynch who is transferring from BOB to "Senator Stennis" (D., Miss.) committee." Mr. Lynch has been cleared for SI and TKH. I suggested to Mr. Royer that he hold the question of debriefing for the moment and that this office would check with the Senate committee staff and see whether continuation of clearances will be required for Agency use in Mr. Lynch's new assignment.

25X1 12. (Confidential - JMM) Jay Sourwine, Senate Internal Security Subcommittee staff, called to register "mild and friendly" complaints about our deletion of a couple of items from the transcript of testimony of [redacted]
